

Highly versatile multipurpose XRD

Better measurement. Better confidence. Better world.

SmartLab 3

- HyPix-400:
Next generation 2-D detector
- User guidance for
ultimate automation
- Self-aligned optics
maximizes uptime
- 5-axis goniometer gives
additional information on
thin film samples

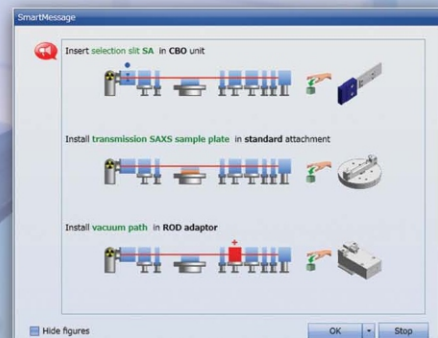

SmartLab 3

HyPix-400: 2-dimensional
semiconductor detector

Unique 5-axis goniometer
