**30. 8. - 4. 9. 2015**

The fourth issue of Materials Structure is devoted to the conference Aperiodic 2015 and contains all abstracts of the conference. In total, over 140 participants is expected. This conference is organized under the auspices of the Commission on Aperiodic Crystals of the International Union of Crystallography. The is the eight of a series of events held triennially since the first Aperiodic in Les Diablerets in 1994. The aim of the conference is to bring together scientists dealing with all aspects of aperiodic crystals and related problems. The conference is be hosted in the baroque building of the Brevnov monastery - the first male monastery in Bohemia founded in 993 AD. The venue is situated only about two kilometres from the Prague castle and about 20 minutes by tram from the famous historical city centre of Prague.
