## Organizing Bodies

- **Masaryk University (MU)**, <https://www.muni.cz>  
Masaryk University, located in Brno and founded in 1919, is the second-largest public university in the Czech Republic and the leading higher education institution in Moravia. At present it comprises nine faculties with over 200 departments, institutes and clinics.
- **Central European Institute of Technology (CEITEC)**, <https://www.ceitec.eu>  
CEITEC is a scientific centre in the fields of life sciences, advanced materials and technologies for basic and applied research. It is a consortium whose partners include the most prominent universities and research institutes in Brno, including Masaryk University. It offers a state-of-the-art infrastructure thanks to funding by European Regional Development Funds.
- **Czech and Slovak Crystallographic Association (CSCA)**, <https://www.xray.cz>  
The association joins Czech and Slovak crystallographers and is active in all related scientific and teaching activities, including organization of workshops and conferences. It issues its bulletin Materials Structure. The association is a member of the International Union of Crystallography (IUCr).
