Editorial notes

The issue contains the abstracts of all contributions presented at the 15th meeting of the Czech and Slovak Structural Biologists named "Discussions in Structural Molecular Biology" - 32 lectures and 56 posters. For more information about the the conference please see the web pages <http://www.structbio.org>.

General notes for authors

Different kinds of contributions are accepted - articles on the problems of atomic and real structure of materials, general papers on crystallography, review articles, book reviews, short reports about conferences, schools and seminars, information on X-ray and neutron laboratories, new instrumentation, computing methods and programs, letters to the editors and short messages. Two independent referees review the papers and review papers. The complete manuscript (electronic version) in English, Czech or Slovak with figures and tables must be delivered to one of the editors. Different text processors can be used for the text preparation. RTF text format can be exported from nearly any text processor and this is suitable also for editorial office. Please, look at the exact format of the references and keep it. English abstract and keywords must be placed at the beginning of each paper. The correct citation of the journal is Materials Structure.

The Web page of the journal is <http://www.xray.cz/ms>. Please, see it for more details.

Published by the Czech and Slovak Crystallographic Association (CSCA).
Technical editors: Ivana Kutá Smatanová, Radomír Kužel.
Supported by the Academy of Sciences of the Czech Republic.

Printed by Karel Hájek, designhhstudio.
