**June 10-13, 2019**

The annual meeting of the Czech and Slovak Crystallographic Association is taking place for the first time in Žďár nad Sázavou. The place with the unique place Pilgrimage Church of St. John of Nepomuk at Zelená Hora with symbolic five-fold symmetry that was included in the landmarks of prestigious List of World Cultural Heritage of UNESCO.

This Struktura includes the 13th student symposium and competition. This year there is no dedication of the programme so that it includes usual topics - structural chemistry, mineralogy, powder diffraction, thin film diffraction, biocrystallography, teaching and presentation of news of several companies - traditional corporate CSCA members and for the first time also Crystal Maker.

Electronic version of the journal can be found at <http://www.xray.cz/ms> together with the instructions for the authors.
