STRUKTURA 2023

29.5.-2.6.2023

Hotel Grand, Uherské Hradiště

The conference Struktura in 2023 is being held in Uherské Hradiště, firstly in this region. The main programme is devoted to the presentations of scientific groups and laboratories in the Czech and Slovak Republics dealing with crystallography and X-ray, neutron or electron structure analysis. For the first time in many years, the programme is for a week with several hours devoted to a social programme. In total, over 80 participants are registered. Some have signed up for online participation only. We have 57 presentations and 5 exhibitors who are also presenting. There are three courses/tutorials of software - CCP4, FOX, Fullprof.

Electronic version of the journal can be found at <http://www.xray.cz/ms> together with the instructions for the authors.
